## Coming Up...

[Link's Partnership Meeting](#)  
11th January 2017

[God and The Big Bang](#)  
25th January 2017

[Philosophy Conference](#)  
9th February 2017

[Barber's Medical Careers Carousel](#)  
24th February 2017

## Modern Foreign Languages

STOP PRESS - A last minute opportunity has arisen for 10 SSLP teachers of Spanish to join together on Thursday 8th December from 1.30-4pm. Dulwich College has arranged for AQA to deliver INSET on the new Spanish A level. Spaces will be allocated on a first come, first served basis. Please email [Robert Baylis](#) by **Friday 2nd December** to confirm your attendance.

## Religious Studies & Science

Tickets are now available for the SSLP's main student event of the year, the much anticipated [God and the Big Bang](#) conference hosted by St Saviour's & St Olave's on 25th January. The aim is to debunk the myth that science and religious faith are incompatible and provides a valuable opportunity to encourage young people to explore and learn about matters of science and faith in an exciting and engaging way. Use SSLP2017 to register on [Eventbrite](#).

## SSLP Link Teachers

Our next [SSLP Links Meeting](#) is Wednesday 11th January at 4:40pm and is kindly hosted by Alleyn's School in Dulwich. You are invited to submit items for the agenda by Monday 12th December. There were actions for all schools recorded in the minutes of the meeting which are still available on [www.SSLP.education](#). All-school actions included notification of forthcoming events, providing departmental SSLP contacts, and discussing a winter social with NQTs.

## Recent SSLP events

On 21st November James Allen's Girls' School had the great pleasure of hosting an afternoon with Dr Tony Williams discussing why we should read the work of Charles Dickens.

## Creative Arts

Following successful events in previous years we would like to hold another Glee Day in the Spring term. The proposal is that this could happen in February (taking in to account half term dates vary from 13th to 24th February). These events are great fun and allow students to explore and show-off their creative talents. The format used in the past has been a day of improvisation and rehearsal followed by an evening performance. We need a volunteer school to host the event and welcome any creative links, contacts and suggestions that anyone can offer. Please email [Katie Barretta](#) with offers to help, host or other ideas.

## Co-Curriculum

There is a new page on the SSLP website for [Useful Links](#). Research has been done to identify some local, regional and national organisations who provide financial support to either students or to educational projects. I hope these prove to be useful. What else would you like to see? [admin@sslp.education](#)

## Other Up Coming Events...

Science week is the 10th - 19th March 2017, what events will be available to SSLP schools?

Please pass on these opportunities to subject leaders within your school
