

SSLP 2019 Street Photography Competition.

Pupils
and Staff

Last year we launched our first street photography competition and we were delighted to receive so many wonderful photographs over the five months that the competition ran.

Street photography by its very nature captures encounters and happenings within public places. It documents everyday life on our streets and all you need to take part is access to a camera

The aim of the **Competition** is for you as a **pupil** or **member of staff** in an SSLP school to take a series of five photographs over the course of the Autumn and Spring terms (*November through to March*) and to submit one each month. Each month's submitted photograph will be based on a theme; such as '*Behind Glass*' or '*In the Rain*'. There will be a winning photograph for each theme, and at the end of the competition, prizes for the best Photograph overall and for the best Portfolio of work. Entry's will be posted on our SSLP flickr site <https://www.flickr.com/photos/156716309@N02/>

Some things to consider.

It is important to have fun with your camera but do take care and look after your equipment. Many street photographers choose to use a compact camera as they are smaller, lighter and more discreet. You may also find it easier at times to use your camera from hip height to be more inconspicuous'. Remember to explain to people what you are doing if you are asked.

Registration – by the end of October please.

To register for the competition and to learn more please send your email address, your name, your school and your year group to: street.photocomp@jags.org.uk We will be in touch early in November and the first theme will be sent out thereafter.
